EXCELLENCE IN QUALITY

3 July, Hotel Schweizerhof, Luzern, Switzerland
Supported by Swiss Institute of Quality Standards

Venue:

The Hotel Schweizerhof Luzern is far more than just a 5-star hotel. Its guest list dates back to 1845 and reads like a who's who of the international elite. Mark Twain, Leo Tolstoy, Roger Moore, Richard Wagner and Anastasia are just some of the illustrious names to have resided here. And yet the Hotel is still run by the same family, now in its fifth generation. It has retained its understated manner and kept its feet firmly on the ground, dispensing with any airs and graces.

Destination:

Switzerland has a stable, prosperous and high-tech economy and enjoys great wealth, being ranked as the wealthiest country in the world in per capita in multiple rankings. Swiss quality is internationally recognized and is known for the highest standards and excellence example.
