Several stepping up to help victims

PU, GCU, Doctors Hospital and others donating funds and establishing relief camps • Punjab Police donates Rs 10 million

By Aayan Ali

LAHORE: More government, private and civil society organisations, associations and individuals, groups have stepped forward to help victims of the earthquake which killed around 80,000 people and injured 1.5 million in the Northern Areas, OPWD and Aard Saman and Kahlyati (UK).

Several organisations established relief camps to offer accommodation and food for the victims. The organisations stated the response to disaster and collecting funds on the way or by donating to the relief fund.

Several medical and medical institutions and doctors have offered their services to help victims in Muzaffarabad, Islamabad and other parts of the affected areas and have offered to help in the relief work.

Victims relatives in Lahore and an emergency camp will receive about 1000 and hundreds could be sent to other parts of the country.

Relief work is being done by the working staff of the relief camps.

PMA provides treatment to 6,300 quake affectees

By Our Staff Reporter

LAHORE - The Pakistan Medical Association (PMA) has provided medical treatment to 6,300 patients and carried out 220 operations at a hospital established at Samli, near Muzaffarabad.

President PMA (Lahore), Prof M Imtiaz Rasool stated this while addressing a press conference at the PMA House on Wednesday.

Accompanied by his office-bearers, Dr Rasool said the hospital established by PMA was the first hospital in that area.

With the help of the City District Government Lahore and the Punjab Social Security Institution, five ambulances brought patients from the far-flung areas and they were provided treatment. Later on, with the collaboration of the Islamic Help (UK) an operation theatre, equipped with the latest machinery, was established in the hospital, he

added. Dr Rasool said so far 105 specialist doctors had been sent to the hospital. "Over 150 patients are being received everyday in OPD," he added.

MALAYSIAN MEDICAL TEAM A team of 18 doctors led by vice-president of the Islamic Party of Malaysia, Haji Muhammad Sabu arrived here on Wednesday to serve quake victims from the PMA platform.

Led by Dr Lulu Mohammad Ghazali, the delegation includes eight lady doctors. The Malaysian medical mission held separate meetings with IJ Women's wing leader MAA Sameeha Raheeh Qazi and the secretary Al-Khidmat Ehsanullah Waqas to assess the task of medical relief in affected areas.

Sameeha Raheeh Qazi briefed the delegation about the relief operations IJ had done for the quake victims so far.

PMA'S 23 MEDICAL CENTRES WORKING Pakistan Islamic Medical Association (PMA) had established 23 medical centres for the medical affectees where 4,000 patients were being given treatment daily, said PMA President Dr Nisar Ahmed while addressing a Press conference at a local hotel here on Wednesday.

Flanked by Dr Muhammad Afzal and Dr Jaz Nazir, Dr Nisar said that these camps had been established in Muzaffarabad, Bagh, Balakot and Abbottabad.

In these centres, 390 minor and more than 100 major operations are being conducted on daily basis, while 10 mobile teams of doctors have been sent to the far-flung areas for the relief work. 213 doctors including 13 lady doctors, five psychiatrists, 215 technicians and paramedical staff are busy in providing medical treatment," he added.

Dr Rasool said so far 105 specialist doctors had been sent to the hospital. "Over 150 patients are being received everyday in OPD," he added.

PMA team treats 8,000 patients in Sindh

LAHORE, Aug 17: A five-member team of the Pakistan Medical Association (PMA) has treated over 8,000 patients in flood-hit areas of Sindh.

According to PMA, the doctors team headed by Dr Azeemuddin Zahid visited far-flung areas of Jampur, Fazilpur, Kotla Mughlan, Kot Chutta, Jhok Utra, Dajal and Babul Wali and treated the patients. The association said registration of young doctors continued at its Ferozpur Road office.

PMA Secretary-General Dr Tanveer Anwar has appealed to philanthropists and doctors to donate generously for the flood-affected people.

HONOURED: Dr Mubarak Ahmad, former PMA secretary, has been conferred the national accolade by the Pakistan Psychiatric Society.

He got the distinction for conducting many national and international symposiums, workshops and conferences on various disciplines of medicines with the collaboration of WHO and Unicef. — Staff Reporter
