FREE STATEMENT
Education is a vital tool for improving the health of the nation. It is essential to ensure that all citizens have access to quality education, which is the foundation for a prosperous and equitable society. The Malaysian Medical Association (MMA) is committed to supporting the government's efforts to improve the education system and ensure that all children have access to quality education. We believe that education is the key to a better future for all Malaysians.

Shocking decision to drop based on projected oversupply! We're becoming a developed & aging nation, yet being cut. Undermines our healthcare system & puts our aging population at risk. Need forward-thinking policies, prioritising the well-being of our people. #InvestInHealthcare

CodeBlue @codebluenews · Jun 9

JPA dropped scholarships in medicine because of projected oversupply of medical officers from 2026 to 2030 based on an MOH study, says a Minister in the PM's Department. "The cost of sponsoring one medical student is equal to 10 students in other fields." codeblue.galencentre.org/2023/06/09/jpa...
