NMA Office Started Telemedicine Center to help COVID-19 patients

Nepal Medical Association launched the telemedicine service under the leadership of the Nepal Chamber of Commerce and with the support of the Salt Trading Corporation and the social organization Ishwarlal Pratishtan.

People can call in NMA Call Center number **1156** or download My Doctor app and get free consultation services of medical practitioners including subspecialists.

At least 70-80 patients are being treated by this service every day. The service is being provided daily from 7 am to 9 pm.

MEDICAL TOURISM

NMA will co-ordinate among the academicians, professionals, planners, beurocrats, and others for development of model of medical tourism and to develop a roadmap for the implementation of Public Private Partnership (PPP) in promoting medical sector.

The complete report has been submitted to MOHP, Department of Health Services, Curative Division.

MEDICAL CERTIFICATION

Nepal Medical Association has established the concept of medical certification among all the doctors for standard and common practice.

The complete report has been submitted to MOHP, Department of Health Services, Curative Division.

Journal of Nepal Medical Association (JNMA)

Journal Of Nepal Medical Association (JNMA)

In the modern era of science, Journal of Nepal Medical Association (JNMA), established at 1963 A.D., has helped Nepalese doctors to contribute to the medical literature.

JNMA has been continuously supporting and encouraging Nepalese doctors through various research trainings and seminars.

JNMA has encouraged for scientific writing in doctors through publication of medical research.
